A Few words from Bill & Sue

It is getting closer to the end of the year and the weather is turning cold. Your chapter team is looking into having another Fun Christmas party. We will need an exact count of all the people who are attending. We are planning a surprise for all of you who are attending. Cliff has reserved the room for Chapter KYC at Sonny's BBQ in Nicholasville on Dec. 8 from 6 to 8pm. We are having the same types Foods as we had last year and the price will be 12.95 each.

As you know I have been busy this month with travel, company at home and lots to do personally. In the upcoming months I will be available for more rides and events.

As you can see in May of 2013 we are going to have a hot brown ride it was always fun and good food wherever we went.

Hope all of you will join us for the FUN.

RIDER EDUCATION

The Changing of Seasons

It would appear that fall is upon us. The days have grown shorter, the temperature is lower and the leaves are turning and falling. It seems our riding days are numbered for this year. Soon enough all we will have are our memories of rides this season and how hot and dry it was.

While we still have some riding weather this season we must remember to ride prepared:

Remember when starting a ride in cooler temperatures do not do aggressive riding until those tires have warmed up.

Remember the leaves that are on the roads; squirrels and chipmunks scurrying to get that last nut before winter really arrives.

Remember that deer are more prevalent and moving around due to pressures from hunting.

Remember to be extra careful in parking lots this time of year. During the holiday season they are hectic. 17% of all urban accidents take place in parking areas.

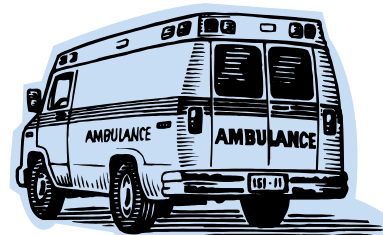

Remember to dress warmly and in layers when riding in cool weather.

This allows you to remove in the middle of the day when it gets warmer and put it back on in the evening.

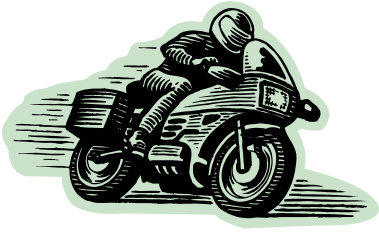

Know the warning signs of hypothermia; feeling cold, getting the chills and shallow breathing. Remember to stop more frequently to warm-up and get your circulation moving.

And finally remember to ride smart and prepared.

MARK YOUR CALENDARS NOW

In the 1920's, The Brown Hotel drew over 1,200 guests each evening for its dinner dance. In the wee hours of the morning, the guests would grow tired of dancing and retire to the restaurant for a bite to eat. Diners were growing rapidly bored with the traditional ham and eggs, so Chef Fred Schmidt set out to create something new to tempt his guests' palates. His unique creation was an open-faced turkey sandwich with bacon and a delicate Mornay sauce. Exemplifying their unending dedication to serving their guests, "The Hot Brown" was born!
