Rider Education Report

March is a great month to start planning your rider education. The websites of various skill centers and training organizations start opening to schedule reservations for the year. The early classes fill up fast; it is best not to wait so you can get the dates that best fit your schedule. Because of publishing deadlines, I was unable to see many schedules but here are some companies and locations to check out if this is the year you decide to invest in your safety.

At https://msf-usa.org/start-your-ride/basic-ridercourse/ you can input your zip code and select a mileage radius to find the Motorcycle Safety Foundation® training courses near you. I found eight locations in Kentucky:

At https://can-am.brp.com/on-road/us/en/learn-to-ride/registration.html you can access the Can-Am training courses. In Kentucky they have three locations: Bowling Green, Louisville, and Walton.

For more advanced courses (police motor officer skills for all riders), Pro Rider has a Richmond KY location. You can view their website at https://www.proriderrichmond.com/ and they are taking registrations as I write this.

The Kentucky Road Riders is also organizing an on-bike training course for two and three wheeled bikes in April this year. Details to follow.
